L I

Li is a set of tables with minimalist and clean style. It has top with structure covered in natural wood blade and base of stainless steel. Because it is versatile, it achieves a balance between the two materials.

Li, side table with clean lines and minimalist style that combined with the synchronism of wood and stainless steel make the product a versatile and beautiful piece.

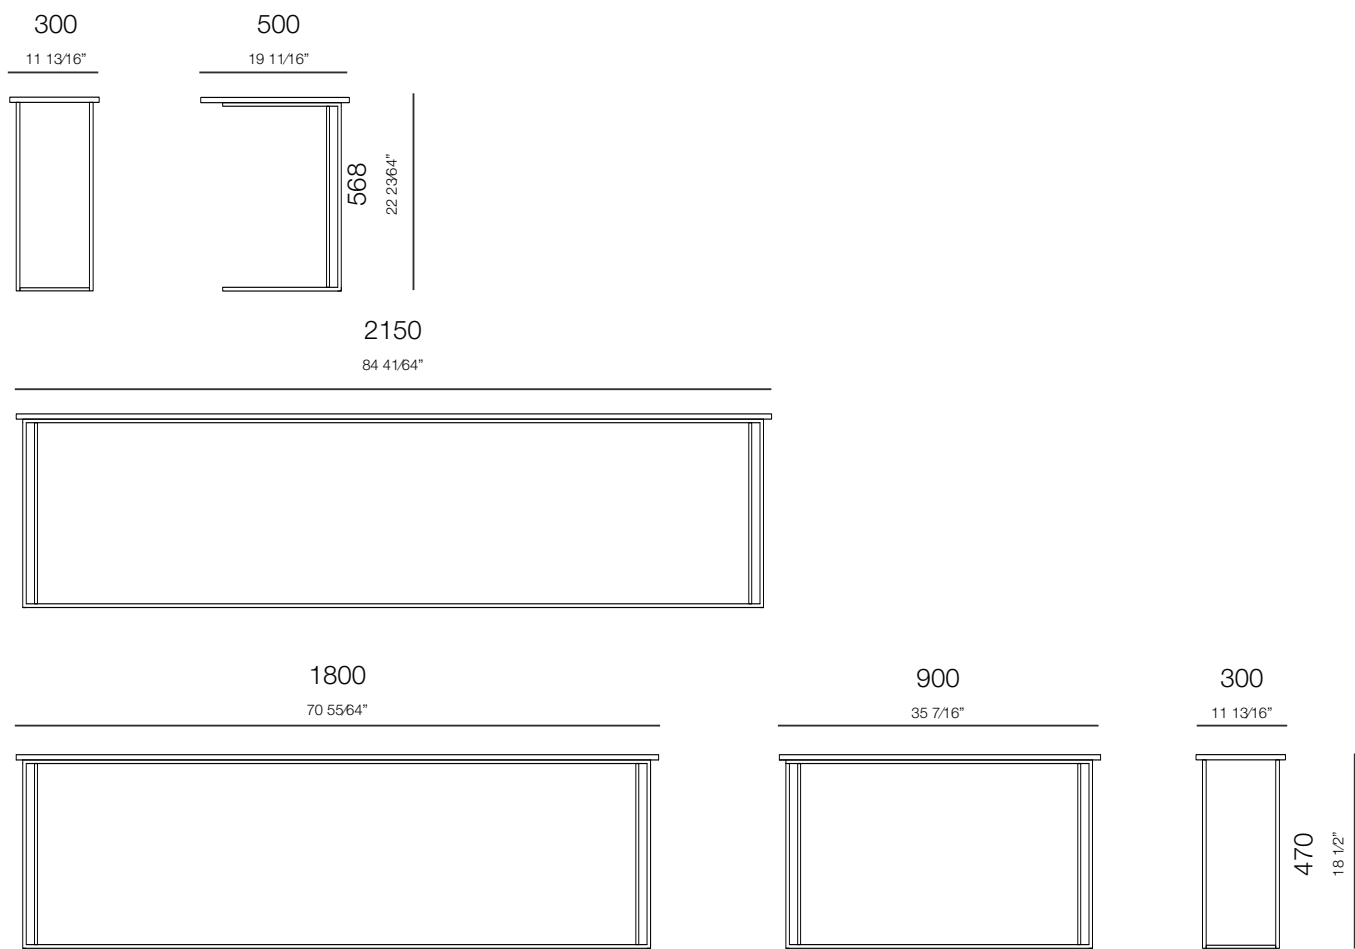

STRUCTURE

Side/support table with chrome aluminum base and MDF top with laminated finish.

FINISHINGS

Top: 79CV, 145LC, 148LT, 127, 119, 71, 77, 33, 86, 28, 114, 116, 34, 84, 85, 128.

MINIMALIST

The lightness of the traces and materials used are the key point of the minimalist design of the Li support table. Pictured in conjunction with Model upholstery.

VERSATILE

Due to its design, the piece has versatility in use, as a side, support table or sideboard, and can be used in various situations. Pictured in conjunction with Kuri upholstery.
